Vstup do systému

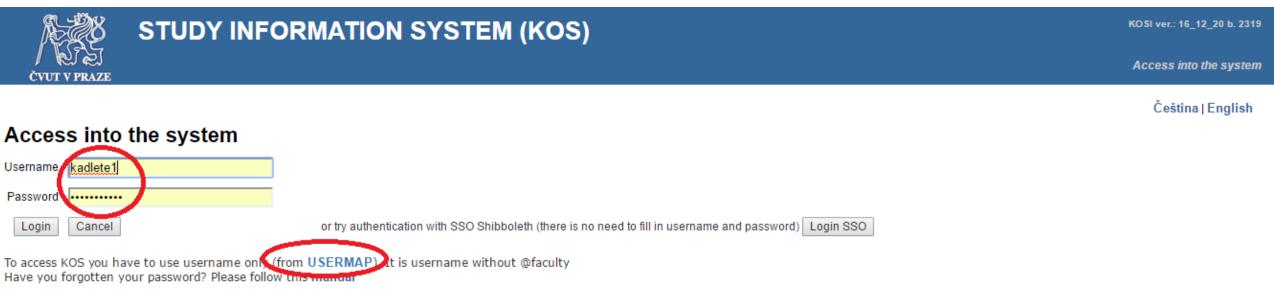

### Vstup do systému

nebo otestujte vstup pomocí SSO (zde není třeba vyplňovat jméno ani heslo) Přihlásit SSO

Pro přístup do KOSu použijte pouze login z **USERMAP**, tedy login bez @fakulta. Zapomněli jste své heslo? Postupujte podle návodu.

UPOZORNĚNÍ! Platnost Hesla ČVUT je omezena na 365 dnů od jeho poslední změny. Informace o datu expirace Hesla ČVUT najdete po přihlášení do aplikací KOS a USERMAP (příp. FIS, PES). Pokud potřebujete heslo změnit, jděte na stránku usermap.cvut.cz.

WARNING! Validity of CTU password is limited to 365 days from last change.

You can find more information about CTU password expiry date after logging into KOS, USERMAP, FIS or PES. Visit usermap.cvut.cz in case you need to change your password

According to offer: you can choose any subject from your home faculty or from another one

If you choose subject from another faculty, you have to go there if you have any problems with this subject. If it fits into your schedule and you have successfully enrolled, then everything is ok  $\odot$ .

According to codes: you can enrol directly the subject you want if you know its code.

If you enrol the subject it is not sufficient. You have to go to "create personal timetable" and show the schedule of the specific subject.

The lecture is automatically added into your schedule. You have to choose the course by clicking on "zapsat". Then it will be shown in your timetable.

### If you want to change a subject:

- "Subject" "Enrolled subjects" "Cancel" = your subject will be deleted
- "Create timetable" "Remove" = your subject will be removed from your schedule but not deleted completely. You can still modify it.

## Prospectus for academic year 2016/2017

FCE - Faculty of Civil Engineering

- FME Faculty of Mechanical Engineering
- FEE Faculty of Electrical Engineering
- **FNSPE Faculty of Nuclear Sciences and Physical Engineering**
- FA Faculty of Architecture
- FTS Faculty of Transportation Sciences
- FBME Faculty of Biomedical Engineering
- FIT Faculty of Information Technology
- MIAS Masaryk Institute of Advanced Studies

### Abbreviations used:

Semester:

- W ... winter semester (usually October Februar
- S ... spring semester (usually March June)
- W,S ... both semesters

Assessment and/or exam:

- · Z ... assessment only
- ZK ... exam only
- Z,ZK ... assessment and exam
- KZ ... classified assessment

Some subjects are taught in just one semester (spring OR fall (winter))

<sup>ar</sup><sup>)</sup>Z = zápočet (usually means homework, smaller tests or presentations during the whole

semester

- ZK = zkouška (means exam in the end of the semester)
- KZ = bigger presentation or project in the end of the semester

The subject can be finished by:

- Z = only "zápočet" is required
- Z, ZK = you have to get "zápočet" so you are able to take the exam
- ZK = only exam is required
- KZ = no exam but a bigger presentation or project required

### FME - Faculty of Mechanical Engineering Academic year 2016/2017

- ✓ show courses taught in winter (W) semester
- ✓ show courses taught in spring (S) semester

### **Bachelor Degree Courses**

Code: E011062	Mathematics II		
Lecturer: Ing. Tomáš Bodnár Ph.D	<u>)</u>	Weekly load: 4+4	Assessment: Z,ZK
Department: 12101		Credits: 8	Semester: S

#### Description:

Open and closed set, boundary in E^k. Real function of k-variables. Partial derivatives and differentiability. Gradient and directional derivative. Differential operators div (divergence) and curl (rotation). Function given implicitly. Loc and global (= absolute) extremes of a function of more variables.

Double integral, volume (=triple) integral,

Fubini theorem. Transformation of integrals to polar, cylindrical and spherical coordinates. A simple smooth curve and line integral of a scalar and vector function. Circulation and Green's theorem.

A potential vector field, independence of a line integral on the path. Simple smooth surface and surface integral of a scalar function and a vector function. Flow of a vector field through a surface. The Gauss-Ostrogradskij theorem

Back

If you like this subject, remember the code, go to your KOS and enrol the subject. You will see in KOS if the capacity is already full or not. Check if it fits into your schedule <sup>(2)</sup>
